Adobe—creative skills proven here!

Programme overview

Adobe is the global leader in digital marketing and digital media solutions. Adobe tools and services allow customers to create groundbreaking digital content, deploy it across media and devices, measure and optimise it over time, and achieve greater business success.

The Adobe Certified Expert (ACE) programme provides design, video, photography and other creative professionals with a means of verifying and showcasing their technical expertise alongside their portfolios. With three levels of cerification, a you can demonstrate proficiency in a few different ways:

- Adobe Certified Experts have passed a product-specific exam.
- Adobe Certified Expert Specialists have passed a group of exams that apply to a particular medium.
- Adobe Certified Expert Masters have passed all the exams in a product suite.

Adobe Certified Expert Certifications

There are more than 60 single product certifications available, covering both digital marketing and media products. For a full list of available exams, visit **training.adobe.com/certification/exams.html**. The most popular exams are below:
